**(OPEN TO ALL STUDENTS 9<sup>TH</sup> -12<sup>TH</sup>)**

**Welcome to the 2021-22 SY Co-Enrolled Program!!!!**

## **INTRODUCTION**

We know that high school students are returning to school for in-person learning and are deficient in credits due to failing one or more classes during the distance and virtual learning environment, need to improve their GPA or have transferred into our district from another county, state or country. In order to successfully meet the needs of these students with improving their chances of graduating, Broward County Public Schools has developed the Co-Enrolled Program wherein students can attend a Community School or Adult Center during the evenings to earn needed credits.

## **ELIGIBILITY**

**For the 2021-22 SY, the students are required to attend classes face-to-face and they are responsible for providing their own transportation to class according to their schedule.**

Co-enrolled classes are available to high school students currently enrolled in a public/private school or classified as a Home School student in Broward County . Many courses are offered on various Community School/Adult Center campuses throughout Broward County. Classes are offered in the core academic areas: English, Math, Science and Social Studies. To complete graduation requirements, additional credits may be earned providing the following conditions are met:

- ❖ The student must be at risk of not graduating with their 9<sup>th</sup> grade cohort. The student must be attempting a full load of required credits during the Co-Enrollment period.
- ❖ The student must have written authorization for entrance into each course in the Co-Enrollment program from the home school principal (or designee).
- ❖ The student's credit deficiencies have not resulted from an intentional, willful neglect of studies as determined by the principal (or designee).
- ❖ The student does not have a pattern of excessive absences or habitual truancy or a history of disruptive behavior.
- ❖ **The student is limited to two core curricular courses for the 2021-2022 school year.**

Failure to satisfy the above requirements shall require the home school principal (or designee) to deny acceptance of the education credit earned while enrolled (School Board Policy #6000.1)

## **PROGRAM LENGTH**

The program is open entry/open exit, and is competency based, thus allowing students to progress at their own rate. A course offered in the Co-Enrolled Program is typically offered four hours a day, two days a week. Student must login for a minimum of 30 hours and attend a minimum of eight (8) class sessions.
